**The National Institutes of Nursing Research (NINR) "Precision Health: Smart Technologies, Smart Health" Boot Camp**
**National Institutes of Health (NIH) in Bethesda, MD**
**July 23rd – Poster Session – Call for Abstracts**

The National Institute of Nursing Research (NINR) is pleased to announce a Call for Abstracts for a poster session to be held on Monday, July 23rd in Building 10, FAES Terrace. Registration for the Boot Camp will open April 2nd, 2018 at noon (ET). Once you have successfully registered, you will receive a confirmation email which will also include information on how to submit your abstract.

Areas of research should include digital health, mobile technology, wearables, sensors, virtual/augmented reality, or molecular omics science (e.g., genomics, microbiome, gene expression, proteomics, metabolomics). All abstracts will be made available to the public on the NINR website.

**The first 100 abstracts will be accepted on a first-come, first-serve basis. The deadline to submit is April 30.** Instructions on formatting abstract: 350 word limit; Arial 12-point font; 1" margins. All abstracts will be uploaded as a Word document.

The abstract must include:

- Title
- Background
- Hypothesis
- Research design/methods
- Results
- Discussion
- Conclusion

Please also include:
1) Name of author(s)
2) Degree(s)
3) Contact information for presenting author
   - Address
   - City
   - State
   - Telephone
   - Email
4) Institution/Organization
5) Funding source
